ABOUT OUR COMPANY

PigeonHost is enthusiastic to offer its clients unparalleled levels of client service and IT services in cheap price without any compromise on quality. This can only be done through highly trained and motivated team who act from a personal commitment to achieve both the company's goals and values. By applying principles of trust, honesty, respect, moral integrity and commitment, we cultivate and maximize talent to the benefit of each client and the company.

Our packages are all tailored with the tools necessary for you to establish an online presence. All of our customers benefit because they have all the resources available to maintain and expand their website without any restrictions. By the virtue of our efforts and dedication we are able to offer you, a cost-effective solution that will reduce your investment in product purchases in the long run. There are similar other solutions on the market that will match our solutions but they cost many times more.

We aim at setting standards for highly valued, patient, respectful and caring customer service to cultivate high moral values. We train our team for this purpose specially, in addition to technical training.

Our round the clock ready-to-serve customer support, combined with an extensive list of packages and features, make choosing PigeonHost one of easiest and most satisfying decisions you'll ever make.

We help users to find what they need & continue to evolve with new initiatives dedicated to continually improving freshness, quality and relevancy to help users get the precise results they seek.

PIGEONHOST

We help users to find what they need & continue to evolve with new initiatives dedicated to continually improving freshness, quality and relevancy to help users get the precise results they seek.

Our Mission : PigeonHost want to be the leader in providing quality IT services and solutions through organizational excellence and total satisfaction of all clients.

G SUITE BY GOOGLE BASIC PACK

PRICE - ৳ 4,800 / YEAR	COMMISSION - 5%
☞ Professional Email Powered by Gmail	☞ Outlook Email Client with G Suite Sync
☞ A Cloud-Based Productivity Suite	☞ Real-Time Collaboration with Docs & Sheets
☞ Enhanced Security Provided by Google	☞ Easily Connect Through Hangouts & Calendar

WHY CHOOSE G SUITE

G Suite with 30 GB Storage : Powered by Google's Cloud platform, abundant storage across all Google apps for business is an integral part of how Google enables collaboration. You can stop worrying about running out of space and enjoy unfettered access to all your work from the cloud.

Mobile Access : Business Email with IMAP lets your customers connect their default app on iPhone, Android or Windows. Get the maximum flexibility to answer and manage your email while you're on the move.

Real-time Collaboration : Work seamlessly with multiple teams across continents or rooms. Edit presentations, documents and spreadsheets together in real-time with Google Slides, Docs and Sheets.

Work From Anywhere with G Suite : With mobile support for the complete suite of Google Apps for business across iOS, Android, Windows ecosystems, work will never stop and business will never sleep. Edit, communicate and share files across any device for a seamless enterprise experience.

Secured by Google : G Suite comes with multi-factor authentication and world-class encryption offering a highly secure, reliable and compliant environment. Google also has advanced algorithms that detect and alert you about suspicious incidents and ensure top-notch security for your data.

No Advertisements : G Suite provides a completely ad-free experience, removing unnecessary clutter and enhancing your team's ability to focus on work and get more stuff done.

WHY CHOOSE OX MAIL SERVICE

Email at Enterprise Scale : Simplify communication across your business with a unified inbox that collates messages from across your various IDs including Yahoo mail, Gmail, Hotmail and also social media accounts such as Facebook etc. Our Enterprise Email solution includes a highly intuitive user interface with rich features such as attachments, drag-and-drop features, filters, auto-reponders and forwarders.

File Storage Drive : The perfect way to collaborate your business on the web! Manage and store all your files on the web-based storage drive. OX allows you to edit and collaborate various documents. You can sync clients for Windows, Mac OS, Android and iOS.

Email Solution on Cloud : Easier, better & faster collaboration! Edit, share and store all your documents on the cloud. Enterprise Email can save you software licensing costs as you don't need locally installed office suites anymore. Boost your team's productivity with these collaboration tools that allow simultaneous editing of your documents across all devices, at all times.

Free Messenger : Each Enterprise Email hosting account also includes a free Flock Messenger account as well. Flock is the perfect app for team communication. It lets your team connect with each other more efficiently and helps increase execution speed.

WHY CHOOSE ZOHO MAIL SERVICE

The All-in-One Suite : Zoho One includes more than 40 integrated, online applications with complimentary mobile and native versions, along with many extensions and extras. All applications are with enterprise features, giving you everything you need to grow sales, market your business, do your accounting, communicate with teammates and customers, and much more.

Unmatched Integration : Zoho One connects your sales, marketing, customer support, accounting, and more, while also giving you contextual integrations to communicate and collaborate with colleagues, customers, and vendors. With an integrated suite like Zoho One, you'll always have the right information in the right places, empowering your employees to do great work. Traditionally, this has required an astronomical IT budget and an army of consultants to force everything together. Zoho One makes all that cost and complexity a thing of the past.

One Account Complete Control : Zoho One gives you one secure account for all your applications and complete administrative control. You'll finally have one set of credentials for the entire suite, rather than a long list of passwords for the different apps you use. Zoho One also puts owners and managers in complete control over business data. From employee and team management to application access and organization-wide security policies, Zoho One gives you the power to run your business efficiently.

We Do It All : Zoho One is enhanced by Zoho's growing developer ecosystem, marketplace extensions, and global partner network. We've made Zoho One extendable so our technology partners can customize our applications to meet your unique needs, across a broad set of industries. These custom apps and extensions of our already powerful applications are made available to you through our Marketplace. Meanwhile, our 1,000+ implementation and training partners are available to help you locally as needs arise.

Professional	5 GB	Upto 10 Websites	৳ 3,600	5%
Premium	10 GB	Upto 25 Websites	৳ 7,200	5%
Enterprise	25 GB	Upto 100 Websites	৳ 14,400	5%

15 DAYS MONEY BACK GUARANTEE

WHY CHOOSE CODEGUARD SECURITY SERVICE

CodeGuard's Daily Monitoring : CodeGuard automatically monitors your website(s) everyday. If a change is detected, an alert email is sent with details of what was added, modified, or deleted with a timestamp. CodeGuard Website Backup Service is inspired by problems faced by small business owners, and helps you fix these effortlessly. CodeGuard is widely trusted and proven, so there is no need to worry about your backups going amiss!

Automatic Website Backup : CodeGuard in the back end is very similar to the popular GIT Repository system. When CodeGuard website backup service is activated, your website is scanned and a GIT repo is created in the cloud. A monitoring process detects any changes to your website source code & files and transmits them to the CodeGuard repository. If any files are deleted, a record of the deletions is also made. Deleted files are removed from the repository; additions are included and changes overwritten to form a new version of the website backup, which is then displayed within the user's dashboard.

Easy Setup Of Website Backup : CodeGuard website backup installation is extremely simple - all you need to do is use SFTP and MySQL details to connect to CodeGuard and the website backup monitoring process will kick in immediately. You will receive alerts for any changes and the website backups will start getting recorded with the option to restore from any point.

Infinite Backup Retention : You can choose to keep your database and website backups for upto 90 days (default) or even permanently if you choose to.

30 DAYS MONEY BACK GUARANTEE

WHY CHOOSE CODEGUARD SECURITY SERVICE

Demonstrate Credibility with Comodo SSL : Get the ultimate assurance of security with 3 prominent elements that your customer will see: 1.Secure indicator on the address bar in your customers' browser. 2.Your company name on the address bar (with EV). 3.Comodo TrustLogo Site Seal on your website.

Ultimate Security : Comodo SSL certificates are one the most popular options for Digital Certificates today as they offer you the strongest encryption in the industry with SHA2 & ECC 128/256 bit protection. Besides, they are also backed by a sizable warranty against breach.

Improve Search Rankings : In May 2017, Google announced that it would display a 'Not Secure' message on the Chrome browser for all websites that do not use a SSL certificate. Moreover, they also indicated that such websites may be penalized in search rankings. Prevent this drop by getting your SSL Security Certificate now.

Improve Sales & Conversions : Attacks such as phishing, website hacks and data abuse are impacting customer confidence in e-commerce. When your website has a digital certificate, it gives your customers the confidence to make online payments and transact on a website.

TERMS OF SERVICE

The Terms of Service (TOS) are the rules and regulations that specify guidelines for using our services. Use of our services is subject to these terms. Please read them carefully and ensure that you understand and agree to all parts. Use of PigeonHost services implies agreement with these terms !

The following guidelines were designed to ensure that our services remain of the utmost quality. Please read very carefully before ordering and/or using PigeonHost services.

Account Eligibility

By registering for or using the Services, you represent and warrant that :

> You are eighteen (18) years of age or older. The Services are intended solely for Users who are eighteen (18) years of age or older. Any registration, use of or access to the Services, by anyone under eighteen (18) is unauthorized and is a violation of this Agreement.
>
> If you use the Services on behalf of another party you agree that you are authorized to bind such other party to this Agreement and to act on such other party's behalf with respect to any actions you take in connection with the Services.

It is your responsibility to provide accurate, current, and complete information on the registration forms, including an email address that is different from the domain you are signing up under. If there is ever an abuse issue or we need to contact you, we will use the primary email address we have on file. It is your responsibility to ensure that the contact information for your account, including any domain accounts is accurate, correct and complete at all times. PigeonHost is not responsible for any lapse in the Services, including without limitation, any lapsed domain registrations due to outdated contact information being associated with the domain. If you need to verify or change your contact information, you may utilize the PigeonHost Billing and Support Portal to update your contact information.

You agree to be fully responsible for all use of your account and for any actions that take place through your account. It is your responsibility to maintain the confidentiality of your password and other information related to the security of your account.

Any dedicated IP order in addition to those provided with a hosting package may be subject to IP justification. IP justification practices are subject to change to remain in compliance with the policies of the American Registry for Internet Numbers (ARIN). We reserve the right to deny any dedicated IP request based on insufficient justification or current IP.

Transfers

Our Transfers Team will make every effort to help you move your website to us. Transfers are provided as a courtesy service. We do not make any guarantees regarding the availability, possibility, or time required to complete an account transfer. Each hosting company is configured differently, and some hosting platforms save data in an incompatible or proprietary format, which may make it extremely difficult, if not impossible, to migrate some or all account data. In some cases we may not be able to assist you in a transfer of data from an old host. The free transfer service is available for thirty (30) days from your sign up date. Transfers outside of the thirty (30) day period will include a charge.

Billing and Payment Information

Prepayment : It is your responsibility to ensure that your payment information is up to date, and that all invoices are paid on time. You agree to pay for the Services in advance of the time period during which such Services are provided. Subject to applicable laws, rules, and regulations, payments received will be first applied to the oldest outstanding invoice in your billing account.

Autorenewal : Unless otherwise provided, you agree that until and unless you notify PigeonHost of your desire to cancel the Services, you will be billed on an automatically recurring basis to prevent any disruption to your Services, using your credit card or other billing information on file with us.

.... Next Page

Late Payment : All invoices must be paid within 7 days of the invoice due date. Any invoice that is outstanding for more than 7 days may result in the suspension or termination of Services. Access to the account will not be restored until payment has been received. If you fail to pay the fees as specified herein, PigeonHost may suspend or terminate your account and pursue the collection costs incurred by PigeonHost, including without limitation, any arbitration and legal fees, and reasonable attorneys' fees. PigeonHost will not activate new orders or activate new packages for customers who have an outstanding balance on their account.

Fraud : It is a violation of this Agreement for you to misuse or fraudulently use credit cards, charge cards, electronic funds transfers, electronic checks, or any other payment method. PigeonHost may report any such misuse or fraudulent use, as determined in PigeonHost's sole discretion, to governmental and law enforcement authorities, credit reporting services, financial institutions and/or credit card companies.

Non-Acceptable Content

All services provided by PigeonHost may be used for lawful purposes only. Transmission, storage or presentation of any information, data or material in violation of any law is prohibited. This includes, but is not limited to : copyrighted material, material we judge to be threatening or obscene, or material protected by trade secret and other statute. The subscriber agrees to indemnify and hold harmless PigeonHost from any claims resulting from the use of service which damages the subscriber or any other party .

Example of Non-Acceptable Content

*** Pirated software.

*** Bulk Email related products.

*** Pornography/Nudity/Adult Content.

*** Hacking/cracking related websites.

*** Warez and/or copyrighted MP3s/Videos.

PigeonHost will be the sole arbiter as to what constitutes a violation of this provision, and reserves the right to deactivate and remove any site at any time for any reason without refund.
